## STANDARD OIL LOOKS LIKE WINNER OF SUIT

**Under Judge Anderson's Ruling Can Only Be Fined  
\$720,000 in Rebate Cases.**

CHICAGO, Feb. 26.—From Judge Landis' fine of \$29,240,000 to a possible maximum fine of \$720,000 is a far cry, but that is admitted to be the meaning of a ruling made by Judge Anderson in the retrial of the Standard Oil Company of Indiana, for alleged rebating, yesterday. The ruling was informal and made for the purpose of expediting the hearing, and although the Government has the privilege of presenting further arguments, it is practically certain that there will be no change in the ruling when it is formally entered.

The decision of the court of appeals which reversed Judge Landis eliminated the view of that jurist that each carload of oil on which a rebate was accepted constituted a separate offense. There were 1,462 of these car lots the freight charges for which were paid in thirty-six different settlements. Judge Anderson interpreted the decision of the appellate court, which he said, served as his guide, to imply that these alleged rebates accepted after each of the thirty-six settlements constitute the unit of offense.

Judge Anderson's ruling was a severe blow to United States District Attorney Sims and his associates in the prosecution. He and his assistant, James H. Wilkerson, had argued that each shipment, of which there were 500, making possible a maximum fine of \$10,000,000, constituted an offense. This view Judge Anderson declared he could not understand. He said that it had not been made plain what comprised a shipment—a train

load, a car lot, or a gallon. He saw no reason why, if a train load or a car lot were regarded as a separate offense, the matter might not be further divided, making a hundredweight the unit, or a gallon, greatly increasing the number of offenses and magnifying the punishment. The division of alleged offenses, he said, seemed to fall naturally into thirty-six parts, or counts, each marked off by a money settlement. It was in these settlements that rebates, if any, were made and received.

Mr. Wilkerson argued that the fine which would be possible under the court's ruling would serve merely as a license to a great corporation. On this point Judge Anderson said, in effect:

"That is a consideration which has no weight with me whatever. I am not concerned with their interpretation and application. If the view that I have taken has the effect that has been stated, that is a matter for the law-makers to consider. If their laws are inadequate, let them supply a remedy."

### Bonaparte's Comment.

WASHINGTON, Feb. 26.—"Well, that's one way of construing the law," was the only comment Attorney-General Bonaparte would make when informed yesterday of District Judge Anderson's expressed intention to rule that the unit of offenses in the Standard Oil rebating cases now up for trial in Chicago would be the actual settlement of freight charges between the parties concerned.

## News of World Boiled Down for Quick Reading

Judge C. M. Rogers, sitting in the trial of Harry Hilyard at Columbus, Ohio, for the murder of Patrolman Campbell, was overcome by faintness when the bloody clothing of the dead policeman was displayed.

The cross-examination of Col. D. B. Cooper in the Carmack murder case at Nashville has been finished by the prosecution and the defense is now examining him on the redirect. It is said that Governor Patterson will also be called as a witness for the defense.

The South Carolina Senate has passed an amendment to the prohibition bill providing that elections be held in the various counties now wet, on July 15. From July 1 to July 15 the entire State would be prohibition. Those counties voting to retain the whiskey sale would do so under the present law. Those voting to do away with whiskey sale would go prohibition. The counties now dry would not be affected.

**DIXON CHARGED WITH LARCENY.**  
Also Warrant Sworn Out for Malpractice in Office.

Robert Dixon, the young man elected to serve as constable in district No. 7, has landed in trouble, being arrested on a charge of larceny, the case having been continued until the spring term of court.

Another and more serious charge is one of malpractice in office, and the charge is brought by one of the negroes he recently arrested, whom it

After it had gone for fourteen fast rounds and when one of the contestants was weakening fast, the scheduled twenty-round bout between Tommy Devlin of Philadelphia and Eddie Kinney of Chicago was stopped at Hot Springs, Ark., by the sheriff and the decision awarded to Devlin by the referee. Mayor Jodd ordered the principals arrested in order that a test trial of the case may be made to determine whether "boxing exhibitions" are in violation of the law.

A plan for the material uplift of the negroes of Georgia, which comes entirely from negro initiative has been announced. It contemplates buying 2,000 acres of farm land, dividing it into 400 farms of fifty acres each, and allowing tenants to pay for this land in cotton. Each tenant to buy his land is to pay 1,000 pounds of good middling cotton per year for seven years. This amount is said to equal about the average rental rate now paid by good negro farm tenants.

### Conference on March 10th.

As a result of the visit of several of Gainesville's largest and most influential truck growers to Jacksonville the Interstate Commerce Commission have decided to have a further hearing on this subject in Washington on March 10th. The attorneys representing the interests of the growers will visit the city then.

## FLEET'S OFFICERS HAD TO PAY TARIFF DUTIES

FORT MONROE, Va., Feb. 26.—Rear Admiral Charles Sperry, who brought the American battleship fleet from San Francisco to Hampton Roads, left last night for Washington. It is common gossip in the fleet that President Roosevelt intends to name the next commander-in-chief of the fleet before he retires from office, one week from yesterday.

The storms seem to have abated. From the southwest the gale swung around early today to the northwest with a decided drop in temperature. The water continued exceedingly rough, and serious damage was done to many of the ships' launches. Reports of disasters to parties on board the little boats were rife during the day, but all fortunately proved to be unfounded. One report had seven men and two officers drowned.

Customs house officers boarded the ships today and collected considerable money from those officers who had made purchases abroad in excess of the \$10 worth admitted free. It is a navy regulation that all dutiable goods in excess of the amount allowed by law, shall be declared by officers returning from a foreign cruise, and the inspection begun today was out of the ordinary only in the matter of the number of ships entering at one time. Most of the officers who made purchases above the usual limit during the cruise were somewhat disappointed that they would not be allowed free entry for the wearing apparel and souvenirs brought home for members of their immediate families, but at no time was there a suggestion of evading the tariff laws of their native land.

### SOCIAL EVENT AT TACOMA.

**Mr. and Mrs. R. M. Chamberlin Entertain in Delightful Manner.**

One of the most enjoyable parties ever given in this section was given by Mr. and Mrs. R. M. Chamberlin on Monday evening, Feb. 22, at their pleasant home at Tacoma, which was beautifully decorated with all kinds of potted plants, flowers, and red, white and blue crepe paper.

The party was given in celebration of George Washington's Birthday.

The first event of the evening was the examination of some of Washington's historical articles, such as the famous cherry tree, a calpi firearms, etc.

The guests then had much amusement over a guessing contest of disguised Americans, the prize being awarded to Miss Lona McCredie.

After the guessing contest the prizes for the most faithful representation of Martha and George Washington were voted to Miss Mattie English and Mr. P. D. Sherard, respectively.

After finding partners by matching hatchets the guests marched into the beautifully decorated dining-room, where dainty refreshments were served.

The guests then marched into the sitting-room, where delicious fruit punch was served by Mrs. P. D. Sherard.

The young people departed at a late hour voting Mr. and Mrs. Chamberlin very pleasant entertainers.

Those who had the honor of being present were Mrs. Burch, Mrs. G. S. Chamberlin, Mr. and Mrs. Mott, Mr. and Mrs. J. W. Chamberlin, Mr. and Mrs. P. D. Sherard, the Misses Nellie Reeves, Lona McCredie, Emma English, Lena Rosenberger, Bertha Rosenberger, Lizzie Harrison, Mattie English, and Messrs E. Rosenberger, L. Godell, E. Rivers, J. W. English, Hammond English, Paul Jones, Robert Jones, Will Burch, Walter Burch, Wallace Burch, and Sanford Chamberlin.

## MR. TAFT'S CABINET IS NOW COMPLETE

**President-Elect Sees a Number of New York Financiers, But Calls Had No Significance.**

NEW YORK, Feb. 26.—All qualifications of uncertainty in the prediction that Franklin MacVeagh of Chicago has been accepted by Mr. Taft as his secretary of the treasury are hereby removed.

Mr. MacVeagh accepted the place yesterday and thereby the Taft cabinet was made complete as heretofore announced by the Associated Press.

No official or unofficial declarations of Mr. MacVeagh's appointment is to be made by Mr. Taft until he promulgates his entire cabinet. But in this case, as in other notices of appointments, the facts are known to be correct.

The cabinet, as completed with the selection of Mr. MacVeagh, is as follows:

Secretary of State—Philander C. Knox, of Pennsylvania.

Secretary of the Treasury—Franklin MacVeagh, of Illinois.

Secretary of War—Jacob M. Dickinson, of Tennessee.

Attorney-General—George W. Wick-ersham, of New York.

Postmaster-General—Frank H. Hitchcock, of Massachusetts.

Secretary of the Navy—George Von L. Meyer, of Massachusetts.

Secretary of the Interior—Richard A. Ballinger, of Washington.

Secretary of Agriculture—James Wilson, of Iowa.

Secretary of Commerce and Labor—Charles Nagel, of Missouri.

With his postmaster-general, Frank H. Hitchcock, Mr. Taft took a five-mile walk through Central Park in the biting wind today. He saw a number of New York financiers during the day, but said the calls were those to express friendship and had no other significance.

There was a genuine reunion of the Taft family tonight at the Henry W. Taft residence.

## Gov. Wilson Defends the Freedom of Public Press

FRANKFORT, Ky., Feb. 26.—One of the strongest defenses of the freedom of the press in criticism of public officials ever delivered in the South was written by Gov. Augustus E. Willson yesterday in granting a pardon to The Herald Publishing Company, of Louisville, publishers of The Louisville Herald, for an indictment in the Calloway, and in Trigg circuit courts of western Kentucky, charging the paper with criminally libelling Judge Thomas P. Cook and Commonwealth's Attorney, Denny P. Smith. The two officials preside in the district in which the greater part of the night rider troubles in western Kentucky occurred, and the paper vigorously scored them for failure to perform their duty in prosecution of the lawless element.

Gov. Willson wrote upon pardons to the newspaper company this reason:

"Because the long series of crimes in this district which have not been punished under these officers' administration, make it necessary for the press to criticize all who can be held responsible.

"If the courts do not put an end to the rule of crime in the counties in which the judge and commonwealth's attorney are selected to uphold law and order, the only hope of permanent relief from such conditions is in enlightened public sentiment aroused by the press of the country, and instead of punishing the newspapers which make a fight against such conditions, it should be regarded as fulfilling its duty."

## Boy Accuses His Uncle of a Wholesale Murder

DECATUR, Ala., Feb. 26.—"Uncle Bob Clements told me that he killed the Edmondsons, and had put them in the house and would set fire to the house that night, and burn them up and he gave me 20 cents not to tell."

This was the uncontradicted evidence of Gilbert Luker, 13 years old, son of a sister of Bob Clements, the man who is now on trial here charged with the killing of a whole family.

"Uncle Bob told me," continued the boy, "the whole Edmondson family got after him, and he had to kill them or they would kill him and then his children would starve to death."

The boy said he told his mother.

father and sister what his uncle had said. Rufus Lukes, father of the boy, was placed on the stand and testified to the same facts.

Other witnesses examined testified to being at the ruins after the barn was burned, and to finding parts of bodies and human bones several days afterward.

Tom Edmondson, his wife, two children and mother were murdered at Woodlawn Mills, Morgan county, on November 24, and their bodies were burned in a barn near the Edmondson home the following night.

### Condition Very Serious.

It was reported Friday that the condition of Mrs. J. T. Woods of East Gainesville was somewhat more serious than it had been since she was stricken with paralysis and that some fears were entertained for her life. Her daughter at St. Augustine has been notified.

A letter from N. A. Mixson, confirming the death and burial of his brother, was received in this city yesterday, and further stated that Mixson was given the whiskey by Osteen, who had been given it by another party.

## MRS. GEN. PICKETT DAY AT THE CHAUTAUQUA

CAPTIVATED ALL WHO HEARD  
HER LAST NIGHT.

Ross Crane Again Delighted His Audi-  
ence With His Drawings—Lady  
Washington Delights All.

(By Mrs. Elizabeth Smith.)

One of the very best days of the  
whole Chautauqua course was Friday,  
and we have had many good ones.

Ross Crane has indeed won his way  
into the hearts of the people of this  
city, but Mrs. Gen. Pickett fairly  
stormed the citadel of each heart.

At 3 p. m. the Lady Washington  
Quartette gave thirty minutes of their  
beautiful songs, readings and instru-  
mental duets. They are indeed a  
great treat to all and gain on the  
hearts of the people at each appear-  
ance.

At 3:30 p. m. Ross Crane again  
charmed the people with his lecture,  
"Ourselves As Others See Us." It is  
indeed wonderful to see this artist, out  
of a few straight, crooked and curved  
lines, make an individual who many  
recognize at sight. He draws many  
grotesque figures that make his audi-  
ence merry, then turns from that to  
Longfellow's beautiful poem, "The  
Bridge," which he drew so beautiful-  
ly Thursday evening, showing the  
distant church spires, the St. Charles  
river and the bridge all flooded with  
the beautiful moonlight, making it  
more impressive by reciting the poem  
and singing the song with soft piano  
accompaniment. Friday afternoon he  
did some wonderful things with  
crayons. Among them was the beauti-  
ful picture of the Suwannee river, and  
as he drew it the quartette sang this  
beautiful old song softly behind the  
curtains. They also sang "Annie  
Laurie" while the skilled artist drew  
a picture of Burns and his Highland  
Mary, their beautiful singing adding  
greatly to the charming scene. Last  
he gave "Crossing the Bar," Tenny-  
son's last poem, and so fitting to be  
such. His picture was of a glowing  
sunset and a waste of waters with one  
lone sail in sight, and after it was  
finished he recited with much feeling  
that perfect gem that made the great  
bard's works complete. Gainesville

## WORTHY OF CONFIDENCE

An Offer Backed Up by One of the Most  
Reputable Concerns in Gainesville.

We will either cure you of constipa-  
tion or pay for all the medicine used  
during the trial. You pay us nothing  
if we fail. That's a mighty broad  
statement, and we mean every word of  
it. We will back it up with our own  
personal reputation, too. Could any-  
thing be more fair and secure for you?

The most scientific, common sense  
treatment is Rexall Orderlies. Their  
active principle is a very recent sci-  
entific discovery that is odorless, color-  
less and tasteless; very pronounced,  
gentle and pleasant in its action, and  
particularly agreeable in every way.  
This ingredient does not cause any  
diarrhoea, nausea, flatulence or grip-  
ing. Rexall Orderlies are as pleasant  
to take as candy and are particularly  
good for children and delicate per-  
sons.

If you suffer from chronic or habit-  
ual constipation, or the associate or  
dependent chronic ailments, we urge  
you to try Rexall Orderlies at our

The Lady Washington Quartette  
are also not only fine musicians and  
singers, but are lovely women.

Mrs. Gen. Pickett gave her lecture  
last night, an account of which will  
be given in Sunday's paper, as we  
cannot treat of so great a subject in  
such limited time.

### Material Is Arriving.

Nearly all of the material has ar-  
rived for the erection of the new  
Warner packing house and carpenters  
are expected to start work on the  
building the first of the coming week.  
It will be constructed principally of

be larger and better than the old  
structure, being especially designed  
for the easy handling of vegetables by

and was tried by jury, who rendered  
a verdict in favor of the defendant.  
Little Verner Lawhon was hit by Sol

wagons, which the darkey claimed  
was accidental, and the father had a  
warrant issued for the negro's ar-  
rest, with the result of his acquittal.

The above is the name of a German

valuable ingredients of Foley's Kidney

## MISS STRICKLAND POLLED LARGE VOTE

GOT OVER 3,000 MORE THAN ANY  
OTHER CANDIDATE FRIDAY.

Miss Dorian Ellis Increased Her Lead  
Over Miss Bessie Dupree by  
About 3,000.

A good vote was polled in the piano  
contest yesterday, which was well dis-  
tributed between the four leading can-  
didates in the contest. Miss Florrie  
Strickland received 25,585 votes dur-  
ing the day, Miss Dorian Ellis 22,485,  
Miss Dupree 19,125 and Catherine  
Halle 13,840. Mary Daughtrey came  
next with 2,020, the vote of the other  
candidates being comparatively small.  
Hattie Baird was entered in the con-  
test with 105 votes, making 28 candi-  
dates now in the race.

We regret to have to again complain  
of the slovenly manner in which some  
of the coupons are torn from the pa-  
per and twisted into every shape im-  
aginable before they are deposited  
in the box. If it is the desire of the  
parties who deposit the coupons in  
this manner to give the editor all the  
trouble possible in separating and as-  
sorting them preparatory to the count  
they are succeeding most admirably.  
for Friday's coupons showed the result  
of much practice in the art of twist-  
ing them and absolute disregard for  
neatness in the way of trimming.  
Really, it would not be much trouble  
to cut them out with a pair of sheers-  
or knife, and if you would only fold  
them once before voting, instead of  
twisting them, it would save the editor  
at least an hour's work each day. We  
are not getting much out of the con-  
test in a financial way, not near  
enough to pay for our time in count-  
ing the votes, to say nothing of the  
advertising space consumed, and we  
would thank you to make the work  
as light as possible. We trust that  
we will not again feel called upon to  
refer to this matter.

date:

### The Interview.

As used nowadays by the new pa-  
pers the word interview is said to have  
been the invention of Joseph McCul-  
lugh of St. Louis, and, according to the  
Encyclopaedia Britannica, it became  
popular in England in the early nine-  
ties. But it was known before that.  
A writer on the subject in the Nation  
of 1863 was possibly the first to use  
the word in its present sense of a talk  
with a representative of the press.—

### Vagaries of a Cold.

You can never be quite sure where  
a cold is going to hit you. In the fall  
and winter it may settle in the bowels,  
producing severe pain. In the sum-  
mer it may give you colic with diar-  
rhoea or summer complaint. Do not  
be alarmed nor torment yourself with  
fears of appendicitis or inflammation  
of the bowels. At the first sign of the  
pain or cramp take Perry Davis' Pain-  
killer in warm, sweetened water and  
relief will come at once. There is but  
one Painkiller, Perry Davis'. It is now  
put up in a large 35c size as well as  
the regular 50c size.

An elder of the kirk, having found a  
little boy and his sister playing mar-

form, not a judicious one for a child:  
"Boy, do you know where children  
go who play marbles on Sabbath  
day?"

"Ay," said the boy. "They gang down  
to the field by the water below the  
brig."

"No," roared out the elder; "they go  
to hell and are burned."

The little fellow, really shocked,  
called to his sister: "Come awa',

## HIGH COMPLIMENT TO DR. M'KINSTRY, JR.

DELIVERS ADDRESS TO THE  
FIRST CLASS OF NURSES.

To Graduate from DeSoto Sanatorium,  
Jacksonville, Under Auspices of  
the Woman's Club.

Dr. and Mrs. J. F. McKinstry, Jr.,  
have returned from Jacksonville,  
where, on Wednesday evening, Dr.  
McKinstry delivered the address to  
the first class of nurses to graduate  
from DeSoto Sanatorium at the Wo-  
man's Club, under whose auspices the  
nurses were held.

After the reception the faculty of  
the DeSoto Sanatorium, with their  
wives and Dr. and Mrs. McKinstry,  
Col. and Mrs. W. N. Toomer and Miss  
Edith P. Clark as guests of honor, re-  
paired in automobiles to the Cafe Al-  
bert, where a magnificent banquet of  
40 covers was served. Dr. Percy J.  
Stoltenwerch was toastmaster and  
toasts were responded to by Drs. Boyd,  
Terry, Harris, Morris, Manning and  
McKinstry, and Col. Toomer.

The Times-Union in reporting these  
events at length, has this to say of  
Dr. McKinstry's address:

### Dr. McKinstry's Address.

"The address by Dr. J. F. McKin-  
stry of Gainesville was later in the  
evening aptly described by Col. W. M.  
Toomer as a 'learned and dignified  
address.'

"Dr. McKinstry first spoke of the  
importance of training schools for  
nurses, and that this school is an  
honor not only to the city, but to the  
entire State.

"He gave a brief, interesting sketch  
of the history of training schools for  
nurses. In 1873 the first school of the  
kind was established in the United  
States and is known as the New York  
Training School for Nurses, which is  
connected and associated with the  
Bellevue Hospital in New York City.  
The speaker then followed the de-  
velopment of this noble work down to  
the present day, when the importance  
of good nurses is considered almost,  
if not quite, as essential as attention  
of skilled physicians. At first it was  
thought that nurses would attempt to  
take the places of doctors, but it has  
been proven that one is necessary to  
the other.

"The advice given to these graduates  
was from an experienced physician,  
and will be profitable to these young  
women in their life work.

"In conclusion Dr. McKinstry, as  
president of the Florida Medical As-  
sociation, expressed a welcome to  
these young women who are just en-  
tering upon this noble work and wish-  
ed them great success."

### Thiers as a Prompter.

Among the anecdotes related by the  
Marquis Massa in his "Souvenirs et  
Impressions" is one about the first  
president of the French republic. It  
runs: "A short time after young Thiers  
had been elected as a legislator a num-  
ber of our set arranged to give a per-  
formance of 'Roman chez la portiere'  
at the house of a mutual friend. On  
the evening of the performance our  
prompter deserted us, and without a  
moment's hesitation the new fledged  
deputy volunteered to take the place,  
and despite the protests of some of  
the party, who feared that his dignity  
might be everlastingly injured, he  
jumped into the box, where he re-  
mained ready to help us in time of  
need until the curtain descended on  
what proved to be a highly satisfac-  
tory performance."

### Hunting With Lighted Crabs.

A group of clubmen seated about an  
odorous cedar fire talked of hunting.  
"Once I hunted with lighted crabs,"  
said an ex-consul. "It was in the de-  
serted region of France called La Ven-  
dee. There is no hunting there but  
sea gulls (which the French adore to  
shoot) and rabbits. It was to get the  
rabbits that we used the crabs. We  
caught some dozens of small, lively  
fellows, fastened on their backs light-  
ed candles and shoved them down  
into rabbit holes. The rabbits, scared  
to death by those strange moving  
lights, rushed forth frantically—forth  
into the very muzzles of our guns.  
This sounds rather fishy perhaps, but  
it is a Vendean custom, as widespread  
as con hunting in the south."—Cin-  
cinatti Enquirer.

### OBEYED THE DOCTOR.

Did His Best In Keeping a Watch Upon  
the Patient.

The late Dr. Drummond, the habi-  
tant poet, once related an amusing an-  
ecdote indicative of the simplicity of  
the rural French Canadian.

He was summering in Megantic  
county, Que., when, early one even-  
ing, he was visited by a young farm-  
er named Ovide Leblanc.

"Bon soir, docteur," said Ovide by  
way of greeting. "Ma brudder Moise,  
beem ver' seck. You come on  
d'house for see beem, doc?"

Drummond, always kind hearted and  
obliging, complied with the request of  
Ovide and found the unfortunate  
Moise suffering from what he diag-  
nosed as a fairly severe case of ty-  
phoid.

"Wishing to provide Moise with some  
medicine," said the doctor-poet, "I asked  
Ovide to accompany me back to the  
village. The prescription compound-  
ed, I proceeded to instruct Ovide. The  
dose was to be administered every  
three hours during the night, and, try-  
ing to be as brief, plain and explicit  
as possible, I said: 'Be sure and keep  
watch on Moise tonight and give him  
a teaspoonful of this at 9 o'clock, 12  
o'clock and at 3 and 6 in the morning.  
Come and see me about 9 o'clock in  
the morning.'"

Ovide understood and departed. The  
following morning he again presented  
himself, and Drummond asked: "How's  
Moise? Did you do as I told you?"

"Ma brudder Moise, I tink he some  
better dan las' night," replied Ovide.  
"I give beem de medecine, but I doan  
have no watch in d'house, doc. I tak  
d'leete clock—d'one what mak d'beeg  
deesturb for get up. I keep eet on  
bees ches' all night. Tink eet do  
beem good dat, jus' lak d'watch. Wat  
you tink, doc?"—Harper's Weekly.

### Pneumonia Follows Lagrippe.

Pneumonia often follows lagrippe  
but never follows the use of Foley's  
Honey and Tar, for lagrippe coughs  
and deep-seated colds. Refuse any but  
the genuine in the yellow package.  
J. W. McCollum & Co.

### An Ignoble Use.

Washington Irving in "Crayon Pa-  
pers" says: "I was once at an evening  
entertainment given by the Duke of  
Wellington at Apsley House to Wil-  
liam IV. The duke had manifested  
his admiration of his great adversary,  
Napoleon, by having portraits of him  
in different parts of the house. At the  
bottom of the grand staircase stood  
the colossal statue of the emperor by  
Canova. It was of marble in the an-  
tique style, with one arm partly ex-  
tended, holding a figure of Victory.  
Over this arm the ladies in tripping  
upstairs to the ball had thrown their  
shawls. It was a singular office for  
the statue of Napoleon to perform in  
the mansion of the Duke of Wellin-  
gton! Imperial Caesar, dead and turned to clay,  
etc.

## DEPUTY SHERIFF WAS COMPELLED TO KILL

PRISONER WAS FIRING ON HIM  
WHEN HE SHOT.

Negro Was Wanted for Carrying Con-  
cealed Weapons and Would Not  
Submit to Arrest.

Deputy Sheriff Wynne of Levy coun-  
ty killed a negro on Thursday who  
had resisted arrest and commenced  
shooting at the officer.

The deputy had learned that the  
negro was carrying a pistol and went  
to the wood camp for the purpose of  
arresting the party, but when the ne-  
gro saw him and learned of his mis-  
sion, he began firing at the officer.

None of the bullets of the negro's  
weapon took effect, however, and the  
deputy, in self-defense, fired upon the  
darky with the above result.

The whole affair occurred near the  
Dutton wood camp, which is situated  
in Levy county near Meredith, so we  
were informed, which is information  
that one more killing occurred outside  
of this county.

### The Rape Case.

The hearing in the rape case which  
has occupied the attention of Judge  
Mason for two days was concluded  
Friday afternoon and the judge placed  
the bonds of the parties, the two Mar-  
tin boys and Powers, at \$1,000 each  
for their appearance at the spring  
term of court.

Over twenty-two witnesses were  
summoned in the case, but only a part  
of this number were examined, as the  
State and defense closed with wit-  
nesses to spare.

Foley's Honey and Tar clears the air  
passages, stops the irritation in the  
throat, soothes the inflamed mem-  
branes, and the most obstinate cough  
disappears. Sore and inflamed lungs  
are healed and strengthened, and the  
cold is expelled from the system. Re-  
fuse any but the genuine in the yel-  
low package. J. W. McCollum & Co.

### Why Our Railroads Are Narrow Gauge.

Why are all railroads built on the  
standard gauge of four feet eight and  
one-half inches? The makers of the  
first locomotives thought only of put-  
ting their machines upon the tram-  
ways already in existence, and from  
that followed a very interesting and  
curious result. These tram lines natu-  
rally had exactly the width prescribed  
by the strength of one horse. By mere  
inertia the horse cart gauge estab-  
lished itself in the world, and every-  
where the train is dwarfed to a scale  
that limits alike its comfort, power  
and speed. Because there is so much  
capital engaged and because of the  
dead power of custom it is doubtful if  
there will ever be any change in this  
gauge. Still, it might be worse. If the  
biggest horses had been Shetland pon-  
ies our railway carriages now would  
only be wide enough to hold two per-  
sons side by side and would have a  
maximum speed of twenty miles an  
hour. There is hardly a reason aside  
from this antiquated horse why the  
railway coach should not be nine or  
ten feet wide—that is, the width of  
the smallest room in which people can  
live in comfort and furnished with all  
the equipment of comfortable cham-  
bers.—Atlantic.

### Vicarious Osculation.

He was having some words with her  
chaperon.

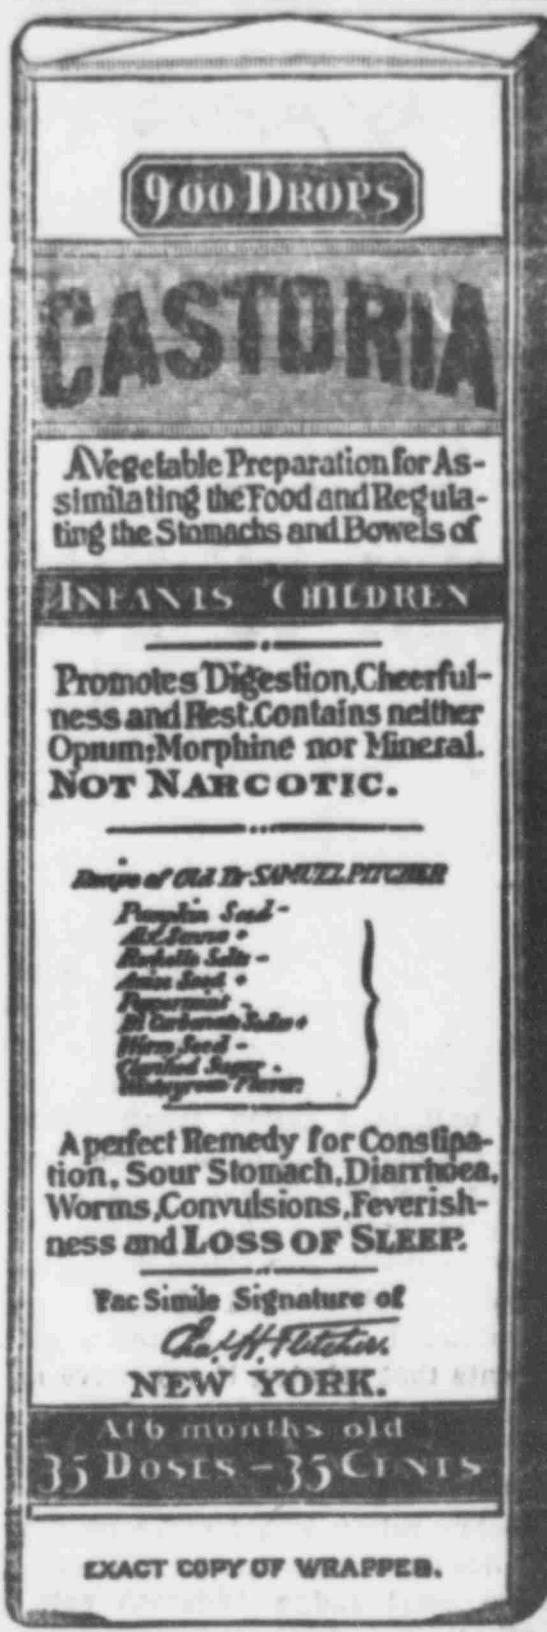

"I'll kiss her right under your  
nose!" he said defiantly.

"Oh, well," said that lady, "vicarious  
kissing like that I can see no objection  
to."—Boston Transcript.

did you bring this prisoner up before

## ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## LUNG HEMORRHAGES (I TOOK PE-RU-NA.)

MISS NINETTE PORTER. Miss Ninette Porter, Braintree, Vermont, writes: "I have been cured by Peruna."

"I had several hemorrhages of the lungs. The doctors did not help me much and would never have cured me."

"I saw a testimonial in a Peruna almanac of a case similar to mine, and I commenced using it. I wrote to Dr. Hartman for advice. He kindly gave me free advice."

"I was not able to wait on myself when I began using it. I gained very slowly at first, but I could see that it was helping me."

"After I had taken it a while I commenced to raise up a stringy, sticky, substance from my lungs. This grew less and less in quantity as I continued the treatment."

"I grew more fleshy than I had been for a long time, and now I call myself well."

**A Bad Cough.** Mrs. Emma Martin, Odessa, Mo., writes: "I cannot thank you enough for curing me."

"For two years I doctored my cough, which cost me many dollars, but still I seemed to get worse. My cough was so bad I could not sleep."

"Finally I purchased a bottle of Peruna. After the use of six bottles I feel that I am cured."

People who object to liquid medicines can now secure Peruna tablets.

## SPRING MUSICAL FESTIVAL.

Will Be Held in Jacksonville on April 19th and 20th.

The coming musical festival in Jacksonville, April 19th and 20th, will mark the greatest musical event that has ever taken place in that city's history. It marks the first appearance of the famous New York Symphony Orchestra, with Walter Damrosch as conductor, and also the first appearance of the Jacksonville Choral Society in oratorio.

The festival will consist of four splendid concerts, at which the New York Symphony Orchestra and Walter Damrosch will be assisted by four celebrated soloists, Mrs. Corinne Rider-Kelsey, soprano; Nevada van der Veer, altoist; Reed Miller, tenor, and Gustaf Holmquist, basso, the final concert being the rendition of "The Creation," in which the Jacksonville Choral Society, a chorus of 250 trained voices, will appear.

With such an elaborate program it is evident that all seats will be sold long before the first concert, and for this reason The Sun advises its music-loving readers to make immediate application to the Choral Society secretary, T. T. Elmore of Jacksonville. Orders from Gainesville will be numbered in rotation as received and the reservations made in rotation.

The single admission will be \$2, and \$5 for the series.

It is expected that the railroads entering Jacksonville will make special rates to Jacksonville for this event, thus giving everyone an opportunity of hearing the famous interpreter of the world's master musicians, Walter Damrosch.

## Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

The old adage that what is worth having is worth asking for is still true—true of the more intricate life of today.

The thing you want—whether it is a used piano or a home, whether it is a ready-made business or a lost pocket-book—is obtained readily through advertising, and with difficulty, or not at all, through other means.

Judge Anderson, who is presiding at the trial of Sharpe and the Coopers for the murder of ex-Senator Carmack at Nashville, says he likes Sharpe, but is getting surfeited. And there are others.

Societies are being formed in Mexico to induce Diaz to accept another term as President. It is clear that Diaz is far above the average politician for whom no persuasion to remain office is necessary.

The head of the United States Weather Bureau says that it is possible for everyone to accurately forecast the weather. That is good news so far as it goes, but many people will not be satisfied until they can regulate it.

The Sun's offer of 50,000 votes bonus in the piano contest for the largest number of subscribers and 25,000 for the next largest will be awarded in Monday's count of the ballots. Only two days more in which to secure this bonus.

Man's life should be like a crescendo movement in music—of increasing force and power and accompanied throughout with tuneful harmony. Far better that than to start out with great noise and show of force which diminishes into nothing.

The Catholics and Episcopalians are now taking a much needed rest from worldly pleasures. It would no doubt greatly improve the health of many members of other denominations to follow the good example of these two denominations and cease their "dissipation" for a time.

Dr. S. R. Mallory Kennedy, nephew of the late United States Senator Stephen R. Mallory, was given the honor of impersonating King Priscus X in the Mardi Gras carnival at Pensacola, while Miss Cora E. Brent, one of the Deep Water City's most accomplished and beautiful ladies, was crowned as queen of the carnival. The honors could not have been more fittingly bestowed.

As will be observed by our advertising columns Messrs. B. R. Colson and W. M. Bradford are both asking for election to the office of City Tax Assessor. Mr. Bradford held the office for several terms up to last April, since which time Mr. Colson has filled the same. They are both good men and the friends of each will put forth every effort in behalf of their respective favorite.

## CURRENT COMMENT.

The Galveston News says: "Mr. Taft announced in a speech at Cincinnati that the Panama canal will be built upon the present plans and completed expeditiously, whether the critics and opponents of the plans and the enterprise like them or not. It is comforting to feel that the new President is neither afraid of responsibility nor averse to cross-purposing the powerful interests which stand ready to ruin the canal or defeat its completion."

The Chicago Record-Herald says: "An effort is being made in New Mexico to have bachelors taxed \$10 and widowers \$25 a year. The promoter of the scheme probably is working on the theory that widowers, having had actual experience of the benefits of matrimony, should be more severely punished than the ignorant bachelors for wishing to cling to single blessedness. The wife of the father of this plan—we take it for granted that he is married—may regard herself as the recipient of the finest compliment that has ever been paid to woman."

The Philadelphia Record says: "Perhaps courtesy requires Mr. Taft to continue handing rather high-colored bouquets to the President as he did in his address at the University of Pennsylvania yesterday, but it might be suggested to him that some restraint in his direction would not be unacceptable. Mr. Roosevelt is a good man, but the country needs rest and is looking forward hopefully to the change which will occur nine days hence. Those public ills with the denunciation of which the President has made the welkin ring were discovered more than seven years ago, and many of them were subjects of opposition and even of legislation before the era of the present administration."

The Pittsburg Post (Dem.) says: "As long as the roaring political farce called protection is played with labor as the ingenu and the foreign manufacturer as the heavy villain, and his American rival as the hero, Congress will continue to revise the tariff the same way a go-between of grafters distributes money purely on grounds of expediency. Those industrial forces which can do most politically for the party and the persons doing the revising will get the most protection. The logic of economics in the situation has nothing to do with the case. Protection exists now on false pretense. It lacks every argument but this: That its votaries are in control of the Republican party, and this is in control of the country, and willing to deal with protection to hold on."

The agreement reached between France and Germany relative to Morocco and other matters that have caused strained relations between the two nations since 1870, relieves the tension and lifts a load of worry from the minds of European statesmen. One by one the questions that have made war more than possible are being amicably settled, and it all makes in the direction of universal peace.

The recent cut in prices of steel and iron products has not even been the means of securing many orders by the manufacturers. The price of steel rails remain at \$28 per ton, and the railroads seem determined to hold back orders of every kind until a reduction is made for rails commensurate with the reduction in the price of other steel products.

"Keep house scientifically," says a New York exchange. But all the science in the world can't make a spring stove pipe amiable or mellow the mutterings of a discordant lawnmower, remarks The Atlanta Constitution.

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. ## GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

### A STRIKE IN OLD EGYPT.

There Was Trouble in the Building Trade in Pharaoh's Day.

Written history discloses the details of a labor difficulty at Thebes in the year 1800 B. C. The strike was in the building trades, and the strikers were masons. They were paid in rations, and they claimed that these were insufficient to sustain them and their families until the following pay day. On the 10th of the month they laid down their tools and gathered behind a chapel. "We are hungry," they said, "and there are eighteen days before the next pay day." They charged the masons with dishonesty, saying that they gave false measure. The masons charged the men with want of foresight in feasting too well while the rations lasted.

After long discussion the men decided to return to work on condition that the masons themselves investigate the matter. Two days later Pharaoh came to the temple and decided that the masons should have their wages raised. For a little while all went well, but evidently the paymasters did not live up to their agreement, for on the 10th of the next month the strike was again in full force, and for three weeks days not a tool was lifted.

The strikers decided to go out to the temple with their troubles, but they found themselves locked in the temple. Then they broke out and rushed into the street, frightening pedestrians as they paraded the thoroughfares.

### Sheer-Luck Blake.

The modern Sexton Blake climbed through the kitchen window, followed by his faithful ally, Bunny—or was it "Bunny?"

"Ah," exclaimed Blake, surveying the surroundings, "I find that his wife is away."

"And how long has she been away?" asked his ally.

"Thirty-three days."

"And how on earth are you able to do that?"

"My dear fellow, by the unwashed dishes and cups and saucers. There are plenty of each in all, which shows that he has used three a day for thirty days and left them for her to wash when she comes home—same as we all do. Simplest thing in the world."

## BABY'S TERRIBLE WATERY ECZEMA

Itching Humor Broke Out on Tiny Mite's Cheeks—Would Tear His Face Till Blood Streamed Down Unless Hands were Bandaged—Spent \$50 on Useless Treatments.

CURED BY CUTICURA AT COST OF BUT \$1.50

"When my little boy was two and a half months old he broke out on both cheeks with eczema. It was the itchy, watery kind and we had to keep his little hands wrapped up all the time, and if he would happen to get them uncovered he would claw his face till the blood streamed down on his clothing. We called in a physician at once, but he gave an ointment which was so severe that my babe would scream when it was put on. We changed doctors and medicines until we had spent fifty dollars or more and baby was getting worse. I was so worn out watching and caring for him night and day that I almost felt sure the disease was incurable. But finally reading of the good results of the Cuticura Remedies, I determined to try them. I can truthfully say I was more than surprised, for I bought only a dollar and a half's worth of the Cuticura Remedies (Cuticura Soap, Ointment and Pills), and they did more good than all my doctors' medicines I had tried, and in fact entirely cured him. I will send you a photograph taken when he was fifteen months old and you can see his face is perfectly clear of the least spot or scar of anything. If I ever have this trouble again, I will never think of doctoring but will send for the Cuticura Remedies at once. As it is, I would never think of using any other than Cuticura Soap for my babe. You are at liberty to publish this, it may help some distressed mother as I was helped. Mrs. W. M. Comer, Burnt Cabins, Pa., Sept. 15, 1908."

Cuticura Soap (25c), Ointment (50c), Resolvent (50c), and Chocolate Coated Pills (25c), are sold throughout the world. Depot: London, 27, Charterhouse Sq.; Paris, 5, Rue de la Paix; Australia, R. ### THE QUEEN BEE.

Her Household Service the Most Perfect in the World.

"We must go to the bee for the real solution of the servant question," said a housewife. "The queen bee's service is the most perfect in the world. Why, she even has servants who digest her food for her."

"The queen bee is so entirely occupied in egg laying—she lays 2,500 eggs, twice her own weight, daily—that all other things must be done for her."

"And so a corps of servants makes her toilet. This corps all day long cleans and brushes and polishes her person. It is as though her life were passed divinely in a beautiful parlor."

"Another corps of servants has charge of the air she breathes. The air must be the purest, that her eggs may be the finest. So, standing in a circle about her, fanning with their wings, these bees make a living ventilating system."

"Her most important servants are perhaps her feeders. Their training may be said to begin before birth, since they must be born, from specially molded eggs, with glands in their heads for the reception of bee milk, the chosen predigested food of the queen. The feeders stand always at attention, presenting, like a brimming cup, their head glands, swollen with predigested food, to the queen bee, busy at her task of laying a dozen eggs a minute."—New Orleans Times Democrat.

## TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.
